News of the Morning.

The Duroc case has been drawn to a close. The jury retired at three o'clock yesterday afternoon, and in one hour and a half returned with a verdict in favor of Mrs. Duroc. It was received with great rejoicing.

Advises from the Police state that the schooner, *Rover*, of Capt. Hall's Arctic expedition, was lost in August last. The searchers were to be continued, notwithstanding this sad misfortune.

President Buchanan is said to have received assurances that no resistance will be made by the authorities of South Carolina to the collection of duties on the possession of the forts, during the remainder of his term. Consoling, very!

The vote of California is as follows: Total vote, 119,597, of which Lincoln received 35,702; Douglas, 35,069; Deane, 19,161; Bell, 8,784. Lincoln's majority, 61,025.

The usual number of Washington station items will be found in our telegraph columns.

The Homestead Bill passed its first reading in the Senate yesterday.

The water is to be drawn out of the Erie Canal on Wednesday.

Washington Rumors.

The telegraph, yesterday, brought us the usual batch of Washington rumors; some of them absurd on their face; others contradictory, and all more or less problematical. They are mainly the inventions of Washington newspaper correspondents; who, in the absence of positive news, have to manufacture reports to satisfy the public appetite. In the present exciting times, it is well to receive all such stories with a skeptical eye. The facts will soon speak for themselves.

STANLEY BROWN—WISCONSIN ORGANIZING A JOHN BROWN RAID—HOW SEVERAL FEELS IN MANUFACTURED.—The Memphis *Dispatch*, of a recent date, contains the following:

"It is stated by Gen. Clark, the Representative from Baltimore, on the floor of the House of Representatives of Mississippi, that a private letter had been received by a gentleman in Jackson from another in Washington, informing him that a large number of men were being organized in the State against the South. The plan being for emissaries to be introduced gradually, so as to excite the people of the South, gradually and quietly, until at a certain time, by preconcerted action, a stroke was to be made."

This kind of story is palmed off by the South, and is the province of a newspaper, the people of the North—*Wisconsin State Journal*.

HORRIBLE STRIKE IN ROCHESTER.—A man by the name of HENRY BIRT, who boarded with Mrs. HULLER, No. 20 Stone street, Rochester, cut his throat on Friday. His body was lying there for three days, with his head cut off, and his body lying on the floor. A bloody stain on the instrument of destruction, was lying there. With this the unfortunate man had severed the jugular vein at a stroke, and had thus put an end to his existence. The blood lay in pools upon the floor of the chamber, and the clothing of the deceased was saturated. Deceased was from Canada, a man 30 years of age, and had two small limbs.

BURNED TO DEATH BY CAMPFIRE.—Another of those horrible accidents caused by the use of campfires occurred at Rochester. The wife of Louis BUCKA, a peddler, in filling her lamp had her clothing take fire, when she rushed frantic to the yard by a back door, and sought to quench the flames in the snow. Her screams were heard by her neighbors, and a man named Wm. SARGENT, who was passing by, rushed to her aid, and tried to smother the flames, but not until it was too late to save the life of the victim. She was shockingly burned, and lingered in great agony until morning, when death came to relieve her from torture.

SNOW TRADE OF FORD DU LAC.—The Ford du Lac *Reporter* says the following table is compiled from the census and gives the amount of shoes manufactured in that place:

	Capital, P. B. & S. Yr.	1880	1881	1882
Boys' shoes	1,000	1,000	1,000	1,000
Men's shoes	1,000	1,000	1,000	1,000
Boys' shoes	1,000	1,000	1,000	1,000

MR. STWARD ON THE MESSAGE.—It is said that Mr. Steward, who asked his opinion of the message, replied:

"I think," said the Hon. Mr. Senator, "the President has conclusively proved two things: first, that no State has the right to secede unless it wishes to; and, second, that the President's duty is to enforce the laws, unless somebody opposes him."

A BIBLE was recently sold at auction in France, which had been presented by a nobleman to a deceased ancestor. The purchaser turned over the leaves, and found them to be blank, and there were bills amounting to about \$3,000, which the purchaser had discovered. Her heirs have commenced a suit to recover the money.

ON SATURDAY NIGHT LAST some fifty armed persons were sent to remove about 70 rods of the North-western R. R. The act is supposed by some to grow out of a difficulty respecting land damages.

Real estate in Winnebago county is improving, and several farms have lately been sold at good prices.

DEBTS OF THE NORTHERN AND SOUTHERN STATES.—The debts of the free States of the North, amounting to \$1,000,000,000, and of the slave States (excluding the United States), to about \$1,000,000,000.

A GOOD LOOKING GERMAN girl, named OMA KIRK, attempting to drown herself at Niagara, was rescued by a colored man. She was so grateful she married him for the asking. This is a sort of romance, minus all the refinements.

THE NEW YORK CENTRAL RAILROAD DIVIDEND.—This road has made a semi-annual dividend of three per cent, leaving the stock at \$104.00, or a 1-2 per cent. upon a capital of \$24,000,000.

THE LOST OF THE EGIN.

Persons writing copies of the SENTINEL containing a list of the lost on the Egin can obtain them at our counting room. Single copies five cents.

A SLEAZEBAG BLOCK.—Yesterday visited the new and splendid block just completed on the corner of Spring and West Water streets, by HARVEY BIRCHARD, at a cost of \$16,000. The first floor is divided into three distinct classes—four on Spring, and three on West Water. The block is 85 by 25, and will be occupied by our friend F. DROCKA, the well known furniture manufacturer. The second story contains several offices, making about fourteen rooms, and the third floor is devoted to a very fine hall, 60 by 80 feet, 25 feet in height, with a spacious gallery and platform. This hall will make one of the most desirable bill-rooms in the city. The floor is made of two inch stuff, after the fashion of a bowling alley, and constitutes one of the finest floors for dancing we have seen in Milwaukee. There are three entrances to the hall, and the facilities for games to the basement. E. T. Mirek is the architect of this fine block, and ALLEN & SOUTHWELL, the contractors.

A GOOD MOVE.—A subscription paper is circulating in Cleveland for the benefit of the Milwaukee and Wisconsin State Normal School. The paper is in very desultory circumstances, having a family of six children, several of whom are sick, and the school is in a state of unemployment about the time of the sad accident that befell the father. About one hundred dollars have been contributed to the fund of four, two tons of coal, and Detroit Tribune, Dec. 8.

By the wreck of the *Dacotah*, Milwaukee has lost one of her best officers, Capt. Wm. S. COOPER, a true man and gallant soldier. His wife and child were with him in this city, and his wife, who was a widow, was with him in this city, and his wife, who was a widow, was with him in this city.

THE PRINCE OF PALESTINE.—A man by the name of E. T. MIREK, who was a member of the Milwaukee and Wisconsin State Normal School, was killed by a train on the Milwaukee and Wisconsin State Normal School. The man was killed by a train on the Milwaukee and Wisconsin State Normal School.
